## Sod Busters Plan Officer Election

The Sod Busters garden club met at the home of Mrs. Lee Shirley with Mrs. David Unwin as co-hostess. Mrs. Joan Tucker presided and appointed Mrs. Ray Hatton, Mrs. John Hatton and Mrs. Lee Shirley to the nominating committee with a report to be made at the April meeting.

It was announced that the Pahokee Garden Club has invited the group to be their guests at their meeting April 21.

Mrs. Edna Bennett and Mrs. Eaton were introduced as guests. The program was presented by Mrs. David Unwin entitled "Landscaping". The April meeting will be held at the home of Mrs. Ray Hatton.

## Hurt New Member Of Pahokee Lions

R. F. Hurt was welcomed as a new member of the Pahokee Lions club at their March 17 meeting. He was inducted by past president E. A. Jensen.

The program was presented by past president Curtis Chase who spoke and presented film on the industrial development of south Florida. The film dealt mainly with Palm Beach, Broward and Dade counties.

Guests were Jerry Grummere, Belle Glade; H. B. McCall, Belle Glade Lion and Bill Shirley. Student guest was Calvin Spooner.

## Industrial Groups To Meet In Orlando Starting April 13

TAMPA—Plans for an Industrial Development Conference in Orlando April 13 were mapped at a recent meeting of the industrial committee of the Florida Council of 100 at Tampa's International Inn.

The session will precede the Florida Industries Exposition and will be sponsored by the Council of 100, the Florida Development Commission and the Florida Industrial Development Council.

Invitations will be issued to chamber of commerce officials, mayors, city managers, county commissioners, regional planning councils, committees of 100 and other groups engaged in industrial recruiting.

## Easter Egg Hunt For Primary Choir

Members of the Primary choir of the First Baptist Church in Pahokee were entertained with an Easter egg hunt at the Canal Point park, Monday afternoon at 2:15 p. m. Prize eggs were won by Pam Moss and Ronnie Story. Refreshments were served and the children returned to their homes by Mrs. Lee Shirley, Mrs. Charles Wilkinson, Mrs. Bill Shirley, Mrs. C. E. Williams, Mrs. David Unwin and Mrs. Bill Moss.

Bill Unwin is a patient in St. Mary's Hospital in West Palm Beach.

## Band Members Are Given Awards

Miss Faye Harris and Miss Tammy Branch received superior ratings at the District eight contest for soloist of the Pahokee High Band held at the high school. They are now eligible to compete in the solo phase of the State Band Contest, Southern Division at Tampa in May. Miss Harris played the piano, Miss Branch the flute. Excellent awards were received by Miss Lotus Gray, clarinet and Omar Adams, Trombone.

## Funeral Services For Mrs. Richaud

Funeral services were held Thursday afternoon at four o'clock for Mrs. Dela Eugenia Richaud 74, of 308 East Circle Drive in Clewiston who passed away on Tuesday following a long illness. Services were conducted at the Pattison Funeral Chapel in Clewiston and burial was in Clewiston cemetery.

Survivors include her husband, Albert J.; three step-sons Nathaniel Jr. of Richmond Calif., Ed Putnal of Baltimore, Md., and Joseph Putnal of Jacksonville; five daughters, Mrs. James T. Platt of Pahokee, Mrs. P. M. McIntyre, Mrs. Luther Lowe and Mrs. John C. Gaylor, all of Clewiston, Mrs. Mabel Porter of Bradenton; 12 grandchildren and five great-grandchildren.

## You Can Register Now Until April 4

Palm Beach County registration books will be open in the Glades Office Building until April 4, according to information from County Commissioner Paul Rardin.

Com. Rardin said the books will be open constantly from 8:30 in the morning until 5 o'clock in the afternoon, five days a week, and someone will be available at those hours to assist those who have not registered for voting in the county.

## Filing Fees Sent By Secretary State To Party Groups

TALLAHASSEE — Secretary of State Tom Adams sent \$50,000 to the State Democratic Committee and \$15,000 to the Republican committee recently as advance payment from the qualifying fees plunked out by candidates for this year's elections.

The qualifying fee money, which amounts to five per cent of the annual income of the office being sought by the candidates, is set aside by law for use of political parties in helping their candidates run against those of the other party.

Adams reported a total of 674 candidates qualified for offices in the May primaries. He estimated total qualifying fees by Democrats would be \$103,000.

Republican fees would total some \$26,000 after all are accounted for.

## Cancer March Will Be Started April 1

Beginning on April 1, 1964, volunteers will start their march against cancer and call on neighborhood homes throughout Palm Beach County. These volunteers are participants in the 1964 Educational and Fund-Raising Crusade of the Palm Beach County Unit of the American Cancer Society.

The announcement was made yesterday by Carroll Peacock, Crusade chairman of Palm Beach County.

Mr. Peacock said, "Again this year, our Crusading Volunteers will perform a two-fold purpose. They will seek public contributions to help support the Society's year-round cancer control program of public education, research and services for cancer patients. At the same time, they will give to homes residents an informative cancer education pamphlet, 'The Answers to These Questions May Help Save Your Life.' This pamphlet answers such questions as: What Signs or Symptoms May Mean Cancer? Which Type of Cancer is Increasing Most Rapidly?

"We sincerely hope," Mr. Peacock said, "that every person in our area receives a copy of this important pamphlet. We also look forward to receiving from persons whom our loyal volunteers visit, a contribution which will swell our financial fund so that our fight against cancer can be expanded and intensified to help curb Florida's rising death toll."

"These are somber statistics," Mr. Peacock said, "but we do not quote them to frighten people. Rather, we give the facts so that more people will be aware of the serious problem that all of us face—and help do something about it."

"Something is being done about cancer. There is a hopeful side. Today, 1,200,000 Americans have been cured of cancer. They are living and free of the disease, five years after treatment. This year, about 177,000 patients will be saved—but 88,000 more could be saved if the disease would be detected earlier and prompt, proper treatment given."

## Ruth Colvard Is Stetson Counselor

Rev. and Mrs. Guthrie Colvard received word this week that their daughter, Ruth, has been selected to serve as a Junior Counselor at Stetson University next year. Ruth was chosen along with 17 other sophomore girls to train for this program. The girls are chosen for this program because of the influence they exert in their college career.

## Combined Groups Hear Rev. Shelley

Rev. Bob Shelley taught the combined Canal Point and Pahokee WSCS at the First Methodist church in Pahokee Tuesday and Wednesday night in their study "Toward Christian Perfection." The Spiritual Life committee with Mrs. H. H. Hendrix in charge of arrangements, served refreshments to the group.

## Register To Vote Here In Canal Point

If your name isn't on the registration list so that you can vote in the coming primary election you can register right here in Canal Point. Mrs. Faye Ursay has been deputized and is fully commissioned to register you and she has the proper forms for you to fill out. She lives across the street from Pugh's Barber Shop in the Evie Koen home. Her phone number is 4-7350. Give her a ring right now and tell her that you're coming to register. The books are closed by law on April 4, so you'd better register today.

## U.S.S. Corp To End Season On Tuesday

If plans work out as-scheduled right now, the U. S. Sugar Corporation multi-million dollar sugar mill, near Canal Point, will close down for the season next Tuesday morning after a successful harvest season.

The other large mill in the Glades—that of the Sugar Cane Growers Cooperative at Belle Glade—will complete harvest on April 20, according to information from one of the officials of the company.

## Union Service By 2 Local Churches

The Canal Point "Community Union Service" will be held Thursday night, March 26, at 7:30 p. m. at the Canal Point Methodist Church. The message will be brought by Rev. Lawrence Stewart, Pastor of the Canal Point Baptist church with Rev. Robert Shelley officiating at the opening of the service and the observance of the Lord's Supper.

## Funeral Services For Herring Nephew

Mr. and Mrs. J. P. Herring received word of the death of his nephew Collie Nowell of Hedland, Ala. Thursday, March 12. Funeral services were held March 13, at the Hedland First Baptist Church. Mr. and Mrs. Nowell were recent guests of Mr. and Mrs. Herring returning to their home just three weeks ago. At the time of their visit Mr. Nowell was hospitalized with a heart attack.

## New Pastor Church In Canal Point

Members of the First Baptist Church of Canal Point announce securing of a new pastor to lead their flock. He is Lester Reams of Fort Pierce who will move to this area in the not too distant future. Mrs. Reams has a wife and one son.

## Honors Guest

Mrs. Norman Kennedy entertained at her home with a bridge party honoring her house guest, Mrs. Elizabeth Powers, of Pittsburgh, Pa.

"The Truly Distinguished Mind Prefers the Provinces"

The Pahokee Garden Club met Tuesday, March 17, in the community room of the Everglades Federal Savings and Loan Building. Mrs. Helen Hillier presided in the absence of Mrs. Christine Elliott.

The following slate of officers were elected for the coming year. Mrs. Helen Hillier, president; Mrs. Lloyd Hundley, vice president; Mrs. Norman Kennedy, secretary; Mrs. Billy Kolstad, treasurer.

The program was presented by Mrs. Hillier entitled "Day Lilies". Slides were shown on the many different varieties. Mrs. Claude Shirley and Mrs. O. R. Blech were hostesses.

The club was invited to attend the Belle Glade garden club April 9 for their flower arrangement program.

## Celery Still \$5, Corn Holds At \$4

Celery growers are mopping up again this week as the delectable weed sells in the Glades for \$5 per crate. Yield is good and northern customers are receiving an excellent grade of celery at this price.

Corn—what little there is of it—brought the growers \$4.00 per five dozen crate this week. Scarcity of the product may force the price up another 50 cents at a later date.

Beans were back down to \$3.50 per \$4.00 this week with the offerings scarce.

## Conner Will Study Concessions At Tampa State Fair

TAMPA — Florida Agriculture Commissioner Doyle Conner says he will call a meeting later this month to iron out differences over concessions on the midway which landed the Florida State Fair on probation.

Conner said Calvin Winter, his assistant, will call the meeting. Winter inspected the Florida State Fair on its last day of operations Feb. 15, and slapped 42 violations against its concessions.

The meeting, according to Conner, will include both fair management officials and concessions operators.

## Elementary School Is Shown Slides

The sixth grades of Pahokee Elementary School saw slides of Australia, New Zealand, Egypt, Greece, Italy and some countries in Asia, Wednesday morning. Miss Helen Hon of Lake Worth, a retired teacher from Dade county, gave interesting talks concerning these countries and their people.

### Lake Harbor Man Seeks Board Job

E. W. Weaver of Lake Harbor qualified and announced Tuesday that he is seeking the county commissioner post held by Paul Rardin of Canal Point. He like Rardin is a Democrat and the results will be concluded on May 5 in the Democratic primary election.

Weaver said on qualifying: "I pledge full time effort to the job and assert that unity in Palm Beach County is important and can be achieved to the great advantage of the entire country."

A Lake Harbor resident for 18 years, Weaver observed his 50th birthday recently. "I am confident that Palm Beach County is on the threshold of enormous potential. The County Commissioner post is of sufficient importance to be a full-time responsibility and I pledge full time effort to the job that."

A civic minded citizen in the Glades area, Weaver is a Field Superintendent for the Ritta and Clewiston Drainage Districts and, for two years, was a representative from the Glades area to the Palm Beach County Resources and Development Board.

A life-long Democrat, Weaver has been long active in Scouting and is former chairman of the Glades District, Gulfstream Council, Boy Scouts of America. Weaver was the first qualified instructor of adult scouts in the Glades area. He is a member of the Lake Harbor Community Methodist Church and is a Lions Club vice-president. His wife is a school bus driver.

### Mrs. Ruby Bush Birthday Party

Mrs. Ruby Bush was honored with a birthday party at the home of her son and daughter-in-law, Mr. and Mrs. Jack Bush, Wednesday, March 11. Guests attending were Mrs. Mary Maxie, Mrs. Adeline Wroten and Mrs. Ellen Baker.

Karen Catoe, small daughter of Mr. and Mrs. Frank Catoe, is a patient in Everglades Memorial Hospital.

# AMERICA'S most modern refinery now serving Florida

With giant strides, the South marches forward.

More industries! More people! More tourists! More income! And—far more automobiles, requiring hundreds of millions of gallons of petroleum products each year.

To match this growth, we have recently completed construction of America's most modern oil refinery at Pascagoula.

Covering 2600 acres, this refinery is fed with crude oil from the Gulf Coast fields through the longest underwater pipeline in the world. With a capacity in excess of 100,000 barrels a day . . . it is one of the world's largest refineries.

This new refinery embraces all of the latest technology of oil refining—particularly in the production of more powerful automotive gasolines. These completely new Standard Oil gasolines are on their way to you now. Try them at your Standard Oil dealer's, soon.

Our new Gulf Coast refinery is another example of Standard Oil's planning ahead to serve the South.

COMMISSIONER  
FLORIDA DEPARTMENT OF AGRICULTURE

Our attack on the imported fire ant in Florida is being renewed this Spring. State and Federal agencies will be cooperating with land owners who want to rid their property of the pest.

On the State side our Division of Plant Industry is carrying the ball. The Federal team's activities are under supervision of the U. S. Department of Agriculture's division of Plant Pest Control.

Some 135,000 acres, mostly in West Florida, are expected to be approved by Plant Industry for treatment in the two-year program which got underway last Fall. It was suspended during winter months when the ants are inactive.

A total of 106,000 acres in 13 counties in the Panhandle have been O.K.'d for treatment by county Fire Ant Committees. Of the total, 22,000 acres in five of the counties got a going over last Fall in tests of the new bait mix known as "mixrex."

Using 5 pounds of bait, containing only one teaspoonful of the toxic or poisonous chemical to the acre, the tests proved successful.

The current attack on fire ants is not an eradication program. It is a control project to be operated only where landowners ask for it.

Requests for the control treatment are processed first by county Fire Ant Committees which make up the areas into blocks of the required size and then apply to Plant Industry to join the program.

Land owners participating in fire ant control pay 50 cents for the first acre and 15 cents for each additional acre.

Besides the Panhandle, infested counties in Florida range from Duval on the East Coast across to

the Gulf and south to Manatee.

It is worth noting that mixrex is harmless to wildlife. Also, it has no residual effect. In other words, it loses its potency within two to seven days after application.

That means reinestation could occur within a short time. However, owners of land that has been treated are advised to keep an eye out for appearance of any new mounds and treat each one immediately. Usual reinestation period is June through August when the ants are flying.

Mixrex is available at farm supply stores. Prompt action in applying it to new mounds will prevent the spread of fire ants again to a degree where they once more become an economic threat.

If you are troubled with fire ants, consult your County Agricultural Agent. He'll steer you to the Fire Ant Committee in your county.

Rapid development of cattle feeding on a year-round basis and speeding up of the trend toward shorter feeding periods has caused the U. S. Department of Agriculture to expand its monthly report of cattle on feed.

The monthly report originally listed figures for Arizona, California and Colorado. It now includes Nebraska and Texas. The next quarterly report will include cattle and calves on feed in Florida, Kentucky, Mississippi and Tennessee.

This expansion of reporting services should be helpful to cattlemen in making plans for production and marketing. The February 1 monthly report indicates how far has been increasing outside of the Midwest.

The five states now being re-

ported on the monthly listing account for more than one-third of the animals on feed January 1 this year in the 28 states now reported in the quarterly statistics. California had 850,000 head on feed; February 1; Nebraska, 783,000; Colorado, 483,000; Texas, 433,000; and Arizona, 337,000.

Incidentally, the latest report on Florida's livestock population shows our state is holding its own. As of January 1 this year, we continued in 5th position for beef cattle among states east of the Mississippi river same as a year ago, with rankings unchanged for Illinois (No. 1), Kentucky (No. 2), Mississippi (No. 3) and Indiana (No. 4).

In national rank Florida slipped a notch to 18th place as Louisiana stepped into 17th, the position we held last year. In total cattle and numbers of milk cattle we held the ranks of last year, 25th and 32nd, respectively.

Although our hog population (333,000) was down a bit, Florida's national ranking moved up a notch this year to 22nd place, replacing South Carolina which held that position a year ago. California is on our heels in 23rd place, up two positions from a year ago.

## Why should you buy U. S. Savings Bonds when there are so many other good investments?

To help your country is one answer—and a good one.

But, Bonds have other advantages that make them worth your consideration.

For instance, they offer just about the easiest way to save money: either with the Payroll Savings Plan, where you just ask your employer to put part of your wages aside toward a Bond or through regular purchases of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with

In Florida...  
after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociability than with a refreshing glass of beer? However you take your fun—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Florida...beer goes with fun, with relaxation

## Christian Science Group Of Canal Point

Paul's words "Set your affection  
on things above, not on things  
on the earth" (Col. 3:2), will be  
the Golden Text at all Christian  
Science churches this Sunday.

The Bible Lesson on "Matter"  
will also include this explanatory  
passage from the Christian Science  
textbook: "You command the situation  
if you understand that mortal  
existence is a state of self-de-  
ception and not the truth of being"  
(Science and Health with Key to  
the Scriptures by Mary Baker  
Eddy, p. 403).

## Schroder Circle In Regular Meet

The Vena Mae Schroder circle  
met at the home of Mrs. Bob Hatton  
with Mrs. J. L. Tyson presiding.  
Mrs. L. L. Shirley presented the  
program entitled "Local Inter-  
faith Cooperation" at which time  
she discussed ways of helping  
each other. Mrs. W. D. Casto  
urged the group to visit members  
and encourage better worship  
attendance. The April meeting will  
be held at the home of Mrs. Casto.

Mr. and Mrs. Louis Collins were  
the recent guests of her parents,  
Mr. and Mrs. R. M. Johnson, in  
St. Petersburg.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

Q: How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage—to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

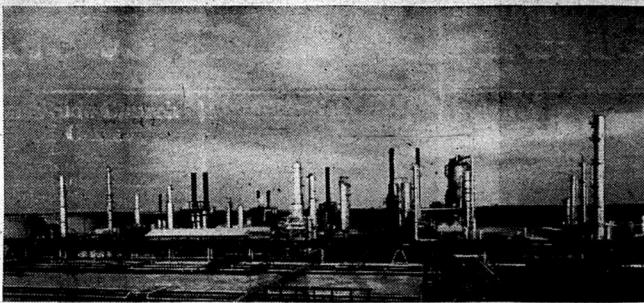

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

## Standard Refinery In Mississippi

PASCAGOULA, MISS.—The fast-moving industrial upsurge of the Southeast was given added impetus as the new Pascagoula refinery of the Standard Oil Com-

pany of Kentucky was placed on full stream.

With a capacity in excess of one hundred thousand barrels of oil a day, this new refinery is America's most modern, and one of the largest in the world.

Covering twenty-six hundred acres, it is fed with crude oil from the Gulf Coast fields through

world's longest underwater pipeline.

Gasoline consumption is growing faster in the South than in any other section of America, and the construction of this giant new refinery at Pascagoula helps assure adequate supplies in the years of growth ahead.

## John Kirk Seeking Sheriff's Office

Veteran law enforcement officer, John F. Kirk, today formally announced his candidacy in the Democratic primary for the office of Palm Beach County Sheriff, an office he held for 16 years, until 1961.

Kirk, a seasoned law enforcement officer with over 32 years service in Palm Beach County as a law enforcement officer, said "My many friends and acquaintances have requested that I file for this high law enforcement office—there have been so many people contacting me that I feel compelled to once again seek the office of Sheriff."

Kirk, who was born in Springfield, Missouri, became a resident of Pahokee in 1928, where he was appointed to the Police Force. In 1929 he was appointed Constable of the 7th District and held both jobs until 1932 when he resigned to take the appointment as Chief of Police of Belle Glade, he also served as Constable of the 8th District and Deputy Sheriff. He held both jobs until 1945 when he was elected Sheriff of Palm Beach County.

Kirk pointed out that, when he took over as Sheriff in 1945, besides himself there were only four Deputies and one Jailer. When he left in 1961, there were over 90 Deputies on the payroll. Kirk was actually the dean of and the father of the Sheriff's Department as it is known today in Palm Beach County. Kirk established the Civil Department, Criminal Department, Road Patrol, Sheriff's Posse, installed the Sheriff's two-way radio system, set up the first crime lab, and purchased the first ballistic machine in the County.

Kirk resides with his wife and two of his four children in West Palm Beach. Two of his children are married, one living in Riviera Beach and the other living in Tallahassee.

Kirk is a member of the Northwood Baptist Church, the Masonic Order, the Lake Worth Consistory, the Mahi Shrine, WOW, United Commercial Travelers, The Royal Order of Jesters, Elks, Charter Member of the Abu Shrine Club, Director of the Florida Sheriff's Boys Ranch, and is a Past President of the Florida Sheriff's Association.

## Christ's Boyhood For Combined Choirs

On Easter Sunday, March 29, at 7:30 p. m., the combined choirs of the Canal Point Baptist Church will present Easter music entitled "Life of Christ", in picture and song, portraying the boyhood of Christ thru his resurrection. One of the high lights of the program will be the playing of the Prelude, Offertory and Postlude of the service by the pianist from the Junior Department.

## Clinton E. Taylor Asks Sheriff Job

Listing the "initiation of modern methods of crime detection and traffic control" at the top of his platform, Clinton E. "Red" Taylor, Democratic candidate for sheriff, today (Friday) outlined his goals for the office.

Taylor, a veteran of 21 years with the Florida Highway Patrol and former Director of Operations for the Florida State Turnpike Authority, stressed in his platform the need for "continual up-grading of personnel and methods by the sheriff."

"If we are to keep law enforcement on a level with the rapid growth and progress of our country, a heavy burden of responsibility to the taxpayer rests with the sheriff," Taylor said.

The sheriff's office, he declared, "is a service organization which can function adequately only if it is administered by a qualified man and staffed by officers trained and experienced in every phase of modern police work."

These same police officers, he said, "must be morally responsible and of a type acceptable to the people they serve and represent."

High on his list of "musts" for the sheriff, Taylor placed the need for "the closest cooperation with other law enforcement agencies and an emphasis on the policing of unincorporated areas of the county."

Availability of the sheriff to the public and press "at all times" and leadership in public education in crime and accident prevention methods are other top planks in Taylor's 11-point platform.

In addition, the candidate listed as his goals:

Efficient assignment of deputies; economy "within the framework of adequate and reasonable service" in county law enforcement; no patronage for special interests; job security for personnel of the sheriff's office, and "a professional police administration."

## National Title To Go To Foremost Egg Cooking Champ

TAMPA—If you have a favorite recipe that draws compliments and that recipe contains at least one egg, you might win the title of National Egg Cooking Champ.

The second annual Florida Egg Cooking Contest is now on and any non-professional cook may enter. Area winners from throughout the state will compete in the state cookoff in Tampa during May, Florida Egg Month.

Complete details may be obtained from the Florida Egg Commission in Tampa, sponsors of the contest. Grand prize winner will receive a trip to Chicago to compete in the national finals next September.

## Pastoral Letter To Episcopal Churches

Responding to the anticipated 50 percent gain in the population of the State of Florida, the Rt. Rev. Henry I. Louttit, Bishop of the Episcopal Diocese of South Florida, issued a Pastoral letter to be read in every Episcopal Church in the Diocese before Easter.

The Bishop, in his Pastoral letter, spoke of the responsibility of Christians to be involved in three areas of need: the aging, higher education and population expansion.

In reference to population expansion, the Bishop spoke of the need for building great numbers of new churches in order to provide a church home for the vast numbers of new people moving into Florida. He spoke of the many new colleges and universities being established in Florida, as well as the expansion of existing schools, the need for the Christian faith to be part of the lives of our youth during these critical years. He spoke also of the church's responsibility to the aged, both in providing church homes and church related communities for the aged.

Bishop Louttit outlined the program being undertaken by the Episcopal Church to meet these needs. He said, we must at once raise a minimum of 2 million dollars, recognizing that this represents only the urgent minimal needs of the present. The whole work of the Church in South Florida involves the giving of large sums of money, larger than here-

tofore thought possible. Bishop Louttit is the spiritual head of a diocese of some 36,000 families. He is presently heading up a campaign throughout his Diocese to raise a minimum of 3 million dollars.

## NOTICE

### To Whom It May Concern:

Paragraph 2 of Section 298.66, Florida Statutes, reads as follows:

"Whoever shall willfully or otherwise obstruct any canal, drain ditch, or water course, or impede or obstruct the flow of water therein, or shall damage or destroy any drainage works constructed by any drainage district, upon conviction thereof, shall be punished by imprisonment in the state prison not to exceed five years or in the county jail not to exceed twelve months or fined not exceeding five thousand dollars."

This is to advise that any one violating the provisions of the above statute will be prosecuted accordingly for any damage or destruction done to any canal or drainage ditch belonging to the East Beach Water Control District as shown on District Plan of Reclamation dated November, 1961.

You will therefore govern yourselves accordingly.
